MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT: Relationships Between DD/S&T and  
Special Assistant for Science to  
the President

1. This memorandum is for the information of the Deputy Director of Central Intelligence.

2. Shortly after Dr. Donald Hornig assumed his position as Special Assistant for Science to the President, I suggested to him that we periodically meet to discuss scientific problems of mutual interest. He welcomed this suggestion and both of us further agreed it would be useful to invite Spurgeon Keeny to participate in our discussions.

3. Our first session was held on 26 October 1964 and we have had several similar sessions to date. During these sessions I have taken the opportunity to acquaint him with the structure of our Directorate of Science and Technology, have given him descriptions of the type of technically qualified people we have managed to recruit, and have discussed various in-being and proposed undertakings in which we have high interest. I have also used the opportunity presented by these meetings to introduce him to some of my senior officers such as Dr. Donald Chamberlain and Mr. Carl Duckett. On such occasions we have presented informal but substantive briefings, the last being on the
